SEVILLE

We are very glad to be able to report Rev. Wm. Carson as much improved, he being able the past few days to sit up for a short time.

Frank Wideman, "Big Pa" Taylor and Joe Bonham attended the fair at Wooster last week. Now, "Big Pa" tells about one of the crowd taking a walk around the race track with a fair damsel, while the rest looked on. It wasn't Frank, that is sure, and "Big Pa" says "not guilty," but just ask Joe who it is—he will tell you.

A sad accident occurred in our little town on Monday afternoon at 4:30 o'clock, when Mr. Crist Snyder was struck by a B. & O. engine, while on duty as watchman at the B. & O. R. R. crossing. An automobile owned by an out-of-town party, in crossing the B. & O. track, stalled. The owner of the machine escaped, but Mr. Snyder was struck by the engine and was thrown about 20 feet. A number of eye witnesses hurried to the scene and picked him up unconscious. He was taken to the home of his brother, Levi Snyder, south of town, where he made his home. Dr. Hard was hastily summoned and found besides a broken collar bone and several bruises internal injuries, which resulted in his death a few hours later. He was born in Switzerland, in 1850, and leaves three brothers and one sister to mourn his loss. The funeral services were held at the home of his brother, Levi Snyder on Wednesday afternoon at 2 o'clock, Rev. Gardiner of the Methodist church, officiating. Burial was made in Mount Hill cemetery, Seville.

IF ONLY BOUGHT AS INVESTMENT

"Liberties" Excel Strictly from the Standpoint of Safety and Profit

But There is the Patriotic Side That We Can Overlook in This Crisis

Liberty Bonds are the soundest security in the world.

Everyone who makes a purchase of these bonds is making a conservative investment.

Funds invested in these bonds are certain to be returned at maturity and the interest will be paid regularly when due, without fail.

It is important that every prospective purchaser of Liberty Bonds should know just what they are.

The present issue of \$3,000,000,000 10-35 Year 4 per cent Convertible Bonds were authorized by an act of Congress approved Sept. 24, 1917. The bonds bear interest from Nov. 15, 1917, and are in denominations of \$50, \$100, \$500, \$1,000, \$5,000 and \$10,000. They can be had in either coupon or registered form.

Ordinarily, coupon bonds are preferable. The transfer of registered bonds involve so much red tape as to affect the marketability of the bonds.

Subscribers for an amount not in excess of \$1,000, who make payment in full at the time of filing their applications, will receive bonds bearing interest from Nov. 15, 1917, as soon as possible after their subscriptions are received. Such subscribers will receive no interest from date of payment to Nov. 15.

One of the attractive features of these bonds to the average investor is the fact that they are exempt as to principal and interest from all taxation by the United States, or any State, except federal inheritance taxes and income surtaxes.

In addition to this exemption the interest on an amount of bonds not in excess of \$5,000 is exempt from the federal inheritance and income surtaxes.

The terms of payment are exceedingly liberal—3 per cent is to be paid on application, 18 per cent on Nov. 15, 1917, 40 per cent Dec. 15, 1917, and 40 per cent Jan. 15, 1918.

The Government strongly recommends that subscribers avail themselves of the services of their own banks and trust companies and make payment through them.

In order that the purchaser may be protected in his investment, these 4 per cent bonds are convertible into subsequent issues of Government bonds bearing a higher rate of interest.

Altogether the Government has made these bonds an exceedingly attractive issue.

They provide a strong incentive for every man, woman and child to save systematically. These bonds offer an investment opportunity which no one, in justice to himself, or to his country, can afford to miss.

Sharon: Number acres of land, 15,376; value of lands exclusive of buildings, \$805,650; value per acre, \$50; value buildings, \$321,550.

Spencer: Number acres of land, 15,873; value exclusive of buildings, \$740,890; average per acre, \$47; value of buildings, \$325,330.

Wadsworth: Number acres of land, 15,348; value exclusive of buildings, \$955,020; average per acre, \$65; value buildings, \$428,990.

Westfield: Number acres of land, 15,164; value land exclusive of buildings, \$838,750; average per acre, \$56; value of buildings, \$315,340.

SCHOOL ATTENDANCE

There are no circumstances which will justify any diminution in the educational work of the country because of war conditions. On the other hand the educational forces must work with greater zeal than ever before.

This is the theme of statements made by Governor James M. Cox, and Superintendent of Public Instruction, Francis B. Pearson, in reviewing the opening of the school year. It was impressed that strict compliance with school laws would be insisted upon.

The governor said, "At this time when the schools and colleges are mobilizing their forces, children of school age should be encouraged not only to attend regularly, but to engage themselves in the prescribed tasks to the end that they may secure the greatest possible benefits from their work."

"The hope is expressed that school authorities will enforce strictly the attendance laws, securing the co-operation of parents to this end. Every opportunity for special work along the line of home economics should be utilized."

Mr. Pearson said, "The fact that we are at war must not bring about any slowing down of education. Winning the war, as well as meeting the problems after the war, will require more, rather than less training."

"Patriotic parents will make every sacrifice within reason to keep the young men and women, the boys and the girls in school."

NOTICE TO BIDDERS
Notice is hereby given that sealed proposals will be received at the office of the Board of Deputy State Supervisors of Elections for Medina county, in the court house, at Medina, Ohio, up to 10 o'clock, a. m.
